

FlexDelivery with Canada Post and Farrow

Flexible delivery alternatives for consumers means a better customer experience.

ABOUT FLEXDELIVERY

Canada Post's "FlexDelivery" service provides convenient delivery locations for online shoppers. FlexDelivery provides more options for receiving or returning packages, making it even easier and more convenient to shop-online. Once a package is delivered, consumers receive an email confirmation advising them to come pick up the item at their chosen location. The CanadaPost office can hold the package for up to 15 days, for better security and convenience.

*Consumers can complete a simple sign up for FlexDelivery at www.canadapost.ca/flexdelivery
