Signed, sealed, delivered. Freight forwarding peace of mind can be yours.

WHETHER BY AIR, OCEAN OR LAND, TRUST
FARROW TO MANAGE YOUR SHIPMENTS IN
ALL OF THE WORLD'S MAJOR MARKETS.

For more than a century, Farrow has helped companies of all sizes ship goods across borders and around the globe. More than just a freight forwarder and customs broker, we work closely with our clients to customize global supply chain solutions based on the latest in freight forwarding technology and freight management strategies.

When you're looking for a freight forwarder, or an expert in specialized international transportation solutions, look no further than Farrow.

WHAT ARE YOU SHIPPING?

Farrow delivers key freight forwarding services for your imports/exports including:

- Time sensitive and high value shipments of any size
- Full Container Load (FCL)
- Less than Container Load (LCL)
- Competitive rates
- Global presence with local expertise
- Project management
- ISF and AES filing
- Export documentation
- Fulfillment of consular requirements
- Cargo insurance

Comprehensive services that go everywhere you do.

NO MATTER WHAT YOU'RE SHIPPING OR WHERE,
OUR CUSTOM SOLUTIONS FIT THE BILL.

Freight is our business. No two shipments are exactly the same and we know that. We can quote and provide costing for projects before the goods are ready to load, helping to determine what is the best way to move at the best price point. Just ask!

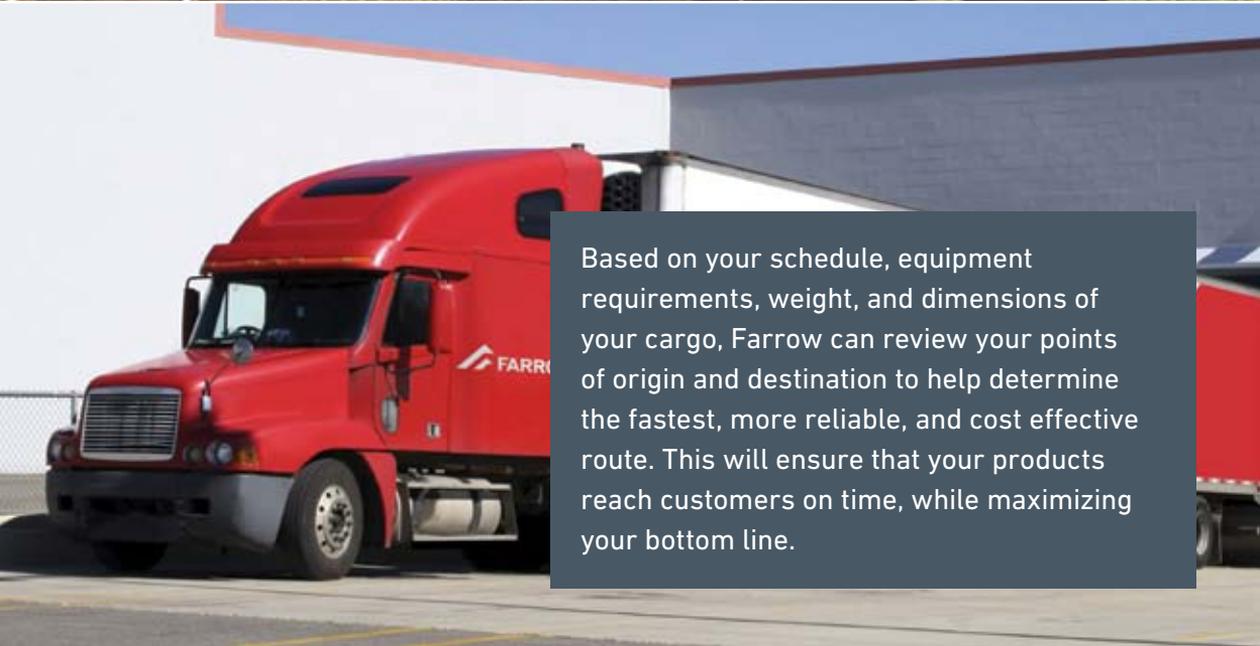

At Farrow, our relationships with our partners speaks volumes when needing foreign loading, and equipment available information.

BY AIR, OCEAN OR LAND, WE DELIVER:

- Imaging technology
- Track & trace reporting, event notification
- Management reporting tools
- Customized reporting and frequency
- CD billing & summary invoicing

OUR INTERNATIONAL TRANSPORTATION SERVICES INCLUDE:

- Consolidation and deconsolidation
- International freight forwarding for imports and exports
- Full Container Load (FCL) as well as Less than Container Load (LCL) ocean and airfreight
- Preparation of all required documentation
- Customs clearance
- Distribution

- NVOCC

Based on your schedule, equipment requirements, weight, and dimensions of your cargo, Farrow can review your points of origin and destination to help determine the fastest, more reliable, and cost effective route. This will ensure that your products reach customers on time, while maximizing your bottom line.

Enjoy the benefits of using one provider for freight forwarding as well as customs brokerage. This premium level of coordination ensures seamless and cost-effective movement of freight by maximizing communication and resources. Other freight forwarders can offer a similar rate for the same move; Farrow couples that with superior customer service. A non-asset based logistics provider which strategically partners with ocean, air, and land carriers to develop customized global solutions, Farrow is an international logistics provider which can facilitate the movement of goods anywhere in the world.

Farrow can arrange and manage the freight-forwarding, consolidation, deconsolidation, and distribution of your freight throughout its journey, by any mode of transportation.

Convenience. Delivered.

When clients choose Farrow, they're choosing a lot more than just another freight forwarder and customs broker. Family owned and operated for more than a century, Farrow delivers the peace of mind that can only come from working with an experienced partner that has seen and done it all. Our customers get personalized attention, a dedicated team and a single point of contact for all their needs. Farrow goes the distance.
