

Get info on-the-go with Farrow Tracker 2.0!

A MOBILE APP FOR PAPS OR PARS INFORMATION

DESCRIPTION

PARS and PAPS information is available with ease for drivers with a cross-platform mobile app collaboratively designed and developed by business partners and the IT professionals at Farrow.

In this 2.0 release, Farrow Tracker incorporates the following features:

1. PARS tracking
2. PAPS tracking
3. Shipment Notifications
4. **Bar Code Scanning (*)**
5. User Settings

(*) new feature

This user friendly app enables drivers to register for PARS (Canadian import) or PAPS (U.S. import) notifications from the cab of their truck.

By downloading this one app, drivers can see northbound or southbound shipments or easily register for notices from the Mobile Tracking app. This new app also provides the ability to monitor release for hot shipments remotely, in order to keep up-to-date. Screens are designed for ease of viewing and portrayal of relevant information.

KEY FEATURES

- With this new release, Farrow introduces barcode scanning. Users can now scan their shipment documents with their phone camera and the tracking details will be auto filled.
- Select type of communication you prefer — whether voicemail notification or email notification.
- Request updates based on the multiple stages of a transaction (i.e. with PARS “accepted” or PARS “released”)

Specifications: Available on Android 4.4 (KitKat and later) and iOS (9.0 and later)

Farrow Shipment Tracking

DON'T WANT TO DOWNLOAD AN APP?

CHECK THE STATUS OF YOUR SHIPMENT FROM ANY MOBILE DEVICE USING FARROW'S WEBSITE!

Drivers carrying loads cleared by Farrow can check on the status of their shipments from the comfort of their cabs! All that's needed is a mobile device (phone or tablet) with a web browser and real-time shipment status is available to you!

The service provides status on shipments headed in either direction across the border and is an extension of the PARS/ACROSS and PAPS tracking applications accessible from any web-enabled PC.

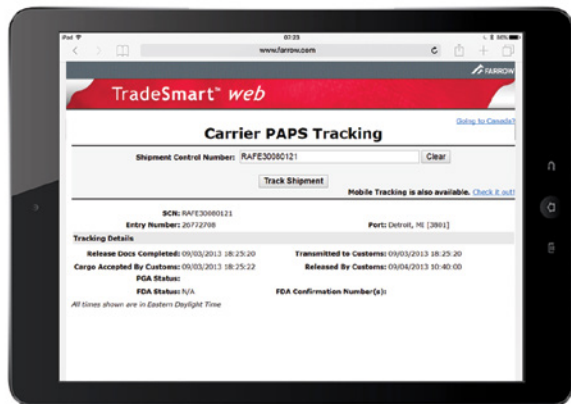

Check out this easy-to-use technology!

From your web-enabled mobile device:

- Track U.S. bound shipments at <http://m.farrow.com/paps.wml>
- Track Canada bound shipments at <http://m.farrow.com/pars.wml>

Crossing into the U.S.?

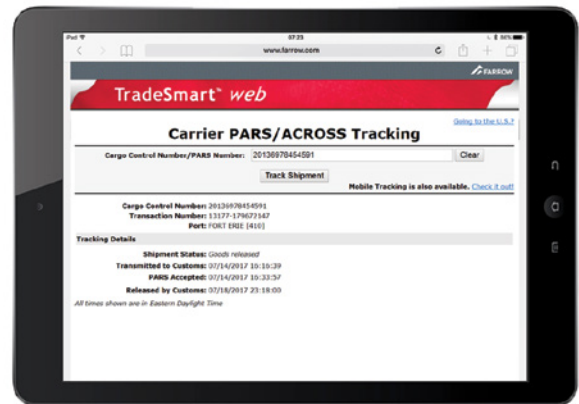

<http://m.farrow.com/paps>

- 1 Enter your **PAPS** number
- 2 View real-time shipment details

Crossing into Canada?

<http://m.farrow.com/pars>

- 1 Enter your **PARS** number
- 2 View real-time shipment details
