The IT professionals at Farrow have done it again! By working with valued clients, alongside our responsive Farrow Client Partnering service personnel who manage the trade activity on behalf of our clients, we have upgraded our trade management and reporting software to better service you - Farrow's main priority.

TradeSmart Connect, a secure information portal that provides unparalleled visibility to your U.S. or Canadian import data, the ability to track shipments in real-time, run reports on-demand, and access electronic copies of all your shipment related documents.

### Dashboard

- Dashboards & Reporting tailored to your needs
- Ability to place specific reports on a dashboard
- Farrow will assist you in setting up
- Export to Excel or PowerPoint

### Shipments

- Additional "Shipment type" search by transportation mode
- Review the complete timeline: release to final entry confirmation
- Release time available on the shipment search return screen
- Search for shipment status, details and documents by a variety of options
- Easily toggle between U.S. & Canadian clearances
- Select images to view—includes all post entry images

### Documents

- Ability to select a "single PDF" per transaction, or all transactions chosen in single PDF with the document cart
- Template upload feature (spreadsheet)

### Reports

- Reporting based on what's important to you
- A multitude of standard reports with options to add additional data (in order to customize the standard reports to your specifications)
- Scheduled reports
- Document images
- Analytics

## How can Farrow help you?

Let our certified customs brokers and shipping agents ensure your business meets Canadian and U.S. customs clearance and trade compliance.
