

# Simplified Cross-Border Shipping with Farrow's Small Parcel Logistics Solution.

Allow Farrow to simplify your shipping process and expand your reach into Canada. Experience direct savings and improved efficiency with Farrow's small parcel logistics solution.

Farrow understands the complexities of international shipping, and our small parcel logistics solution offers faster customs clearances, reduced wait times, and access to reliable Canadian carriers with Canadian logistics expertise - perfect for shipping individual or unique packages to different addresses and LTL (Less than Trailer Load) pallets - unlike freight shipping, which is used for oversized and/or multiple packages.

With Farrow's service, significant savings can be realized against large international carriers. Farrow's bulk discounts for high volume orders allows our service to be cost-effective, so you can enjoy the

benefits of small parcel shipping, which is often cheaper than freight. This service is especially ideal for high-volume shippers who can take advantage of further cost reductions and efficiency gains. Tracking your shipments is made easy with Farrow's advanced shipping software that connects with leading carriers.

This service gives access to express shipping programs that enable shipping as quick as overnight up to 5-days to North American customers. Farrow provides comprehensive support, taking care of all aspects of the shipping process - from fulfillment to shipping. Start experiencing these benefits with Farrow today!

## How it Works

Our process is simple: We begin with a U.S. domestic shipment to Farrow's Plymouth, MI location, followed by cross-docking into a Farrow trailer for same-day transportation to Farrow's LaSalle, ON. The trailer crosses the border under bond, arriving at Farrow's facility for clearance. Once cleared, the shipment is prepared for its final journey, with the customer receiving tracking information, offering visibility on their package.

**1. Domestic Shipment:** The U.S. shipper sends a package or an LTL (Less than Trailer Load) shipment to our Plymouth, MI location.

**2. Cross-Docking:** Shipments are, unloaded, manifested, and cross-docked into a Farrow Trailer from Plymouth, MI to LaSalle, ON on the same day.

**3. Cross-Border:** The trailer crosses the Canadian border in-bond, arriving at the Farrow facility in LaSalle, ON for clearance.

**4. Clearance:** At Farrow, we provide expert clearance by using an electronic file sent by the customer to scan the shipment, clear it, and prepare it for its final journey.

**5. Final Delivery:** The same day or the next, the cleared shipment receives a carrier label (Canada Post or an LTL carrier), and the customer receives tracking information.

## Key Advantages

- Significant Cost Reductions: Realize substantial savings with domestic shipping on both sides of the Canada/U.S. border.
- Speed to Market: Experience faster clearance than traditional international shipping methods.
- Greater Reach: Access to an extensive network of carriers in Canada.
- Tracking and Visibility: Track and view import activity, shipment status, details, and document images in real-time.

*Choose Farrow's Small Parcel Logistics Service and you can focus on growing your business while we handle the logistics. We're not just a service provider, we're a partner in your success.*
