

# Global Logistics

Farrow will facilitate the movement of your goods, no matter what or where you're shipping!

Farrow can arrange pick up of freight from anywhere in the world. We offer global freight and ground forwarding services, and will work with you on the continual development of your company's freight forwarding strategy. This can include tailored solutions based on international air, ocean, or domestic freight, as well as over-the-road transportation.

Farrow's forwarding specialists within our freight network can simplify freight forwarding by offering swift, easy access to borders, international airports, and international trading centers.

Farrow provides geographic coverage across North America from offices in all major ports and gateways. For added global reach, Farrow is also a member of the World Cargo Alliance (WCA), and operates as a Non-Vessel Operating Common Carrier (NVOCC) with direct contracts with leading ocean carriers.

## Cargo Insurance

Cargo Insurance **protects your financial interest in goods shipped** both domestically and internationally.

No matter how robust your loss prevention strategy may be, it is reported that 30% of all freight damaged in transit is unavoidable and most losses occur on the way to or from the ports.

The FBI estimates that up to \$30 billion in cargo theft occurs every year. All these causes of loss and much more can be fully covered in the Cargo Insurance coverage facilitated by Farrow.
